

### 7.3.1 Institutional Distinctiveness

The founders of the institution were Prominent Freedom Fighters, they had an ideology of education for all, especially education for rural girls. Ours is the first women's college in the district. They have nurtured the dream of around excellence in education for rural middle class society. So the institute aims at installing a sense of self discipline and accountability among the students and developing a respect for democratic, ethical and moral value.

The institute has been catering to the needs of the middle and lower class by providing latest facilities and amenities like college hostel, subsidised mid day meal, and we also offer different categories of awards in terms of scholarship, cash award and medals instituted by college faculty members and other departments.
