

## 7.2 – Best Practices

### 7.2.1 – Describe at least two institutional best practices

#### **PRACTICE1: STUDY CIRCLE**

In our college, we have a 'study circle' in which all interested students are participating to discuss curricular as well as other general matters. They meet in regular weekly intervals. Slow learners are encouraged to join the circle. Teachers support the students of the circle by giving timely guidance. One of the members of the circle secured FIRST RANK in the Kuvempu University B.A. examination of 201819. Books are also provided to the students of the circle by the teachers and also from the Departmental Libraries. Members are also encouraged to prepare themselves for competitive examinations.

#### **PRACTICE2: MID DAY MEAL PROGRAMME:**

Midday meal is provided in the college at subsidised rate of Rs.10/ per meal. About 150 students coming from remote villages and from economically backward groups are benefitted from the programme. The scheme is open for all the students.
